Women's Studies Association of NZ Conference 2010

Aotearoa/ New Zealand in the 21st century is 'diverse'. Ethnicity, indigeneity, sexuality, age, health, occupation, income, religion & disability all define the different experiences of women. How does this diversity shape 'women' & 'womanhood' in Aotearoa today? Do our differences divide us? How might we build stronger connections among women, while respecting & celebrating our diversity? **Connecting Women: Respecting Differences** will explore this theme of difference & strategies for connecting diverse women.

Connecting Women *Respecting Differences*

19th-21st November 2010, University of Waikato, Hamilton
